

400 MINERS AT WORK; 900 ARE IDLE

OFFICIAL CIRCULAR ON INDIANAPOLIS MOVE AWAITED BY WORKERS

Men In Salem District Returned to Mines Friday Morning, But Operations Are Not Resumed at Salineville and West Point—Expect All Miners on Job Monday.

Less than 400 of Columbiana county's 1,300 or more coal miners returned to work Friday, despite the settlement of the nation-wide bituminous coal strike at Indianapolis Wednesday.

Delay in the arrival of the circular letter mailed from international headquarters of the United Mine Workers of America at Indianapolis Thursday morning containing full instructions to the striking miners was given as the reason for the failure of the county miners to resume activities.

Practically all the union miners in the Salem, Washingtonville and Leontonia centers were either being worked Friday morning or were undergoing preparations for full resumption of work Monday.

A meeting of union miners employed in the Kirk-Dunn mine at West Point was called at 10 o'clock Friday morning but adjourned without any definite action being taken pending the arrival of official instructions. The brief telegram advising local miners' unions that the strike had been settled was read, but adjudged not sufficiently official to warrant adoption of a definite policy.

Salineville Miners Meet

The 600 or more union mine workers in the Salineville district met in the Salineville opera house Friday afternoon to consider the situation. None of the mines in the Salineville district were operated Friday.

The first news of an adjustment of the coal controversy, contained in the telegrams received by miners' locals in Columbiana county Thursday, stated that circular letters containing full instructions were being mailed out from national headquarters.

It is the consensus of opinion among both miners and operators in the Salineville and West Point centers that full operations would be resumed Monday morning.

John Saxton, of Salineville, district president of the United Mine Workers of America, arrived home Thursday night from Indianapolis where he had attended the conference between operators, union representatives and government officials. He stated that there was no doubt that the mines of Columbiana county would resume in full Monday.

JEFFERSON COUNTY MINERS OPPOSE STRIKE SETTLEMENT

STEUBENVILLE, Dec. 12.—The miners of Jefferson county today are in open revolt against the Indianapolis settlement of the coal strike.

Leaders of the opposition to the settlement are charging that it is a trick to get them to return to the mines for six days, thus tiding the country over the winter.

Locals at Wolf Run, Bergholz, Pine Fork and Herrick voted not to return to work.

Eight hundred men in the Amsterdam district declared today they would not return until the coal market through from other mines.

The recalcitrant locals declared they have no faith in the proposed investigation.

One local refused to return to work because the telegram from Acting President Lewis did not bear an "official seal."

No mines were opened today in the big Ligonville district, miners of only two mines voting to go back. One faction of the miners in this county is actively supporting the miners' officials, but they are in the minority.

COLUMBUS, Dec. 12.—"Such dissatisfaction as may exist among Ohio miners relative to the Indianapolis settlement of the coal strike will all be overcome by Monday," declared George W. Savage, secretary of the Ohio organization of the United Mine Workers, here today.

Secretary Savage was disposed to believe that reports, coming today from Jefferson county of dissatisfaction on the part of various eastern Ohio miners' locals, were exaggerated.

He said that reports reaching state headquarters here today indicated general compliance by Ohio miners with the request from Indianapolis headquarters that all union miners return to work immediately.

BRIDGEPORT, O., Dec. 12.—Coal is being dumped at Wheeling Creek, Blaine, Stanley, Glencoe, Stewartville, Willow Grove, St. Clairsville, Belaire, Martins Ferry, Gaylord, Rush Run, Bridgeport and Bradley in the east Ohio field today.

Three mines were in operation at Glencoe and two at Gaylord. Local unions at a score of others have voted to resume work.

Sheet men were at work today cutting coal for loading tomorrow. In several instances locals have voted against resuming work.

It was estimated by Philip Murray, president of District No. 5 of the Mine Workers' organization, that between 8,500 and 12,000 men resumed work today in the mines in the Pittsburgh district. Nearly 42,000 were on strike. He predicted more than 90 percent production by Monday.

The operators said that no coal was being mined today, the men being employed in cleaning up the workings.

ST. LOUIS, Dec. 12.—More than six thousand miners in St. Clair and Madison counties, Illinois, which supply St. Louis with coal answered the whistle call to work this morning for the first since November 1, following avote of acceptance by the men of the strike settlement.

SPRINGFIELD, Ill., Dec. 12.—Coal was hoisted from the majority of the mines here today.

GARFIELD JOB AS FUEL BOSS WILL FALL TO RAIL DIRECTOR

President Wilson Will Accept Resignation of Fuel Administrator.

HINES TO ASSUME TASK

Basis of Settlement of Coal Strike Causes College Man's Move.

WASHINGTON, Dec. 12.—Dr. Harry A. Garfield, fuel administrator, has resigned. This was announced at the white house today.

President Wilson now has the resignation and it will be accepted immediately.

Director General Hines, of the railroad administration, will perform the duties of the fuel administrator. "We are all sorry that Dr. Garfield feels that he must go," Secretary Tamm stated. "He has done a fine job and he is a fine man."

The letter of resignation was not given out, but it was stated that it might be made public later in the day.

No reason for the resignation was announced by the white house, but it is understood that Dr. Garfield feels that he has not been accorded sufficient part in the recent negotiations with the miners and that inasmuch as he has been slighted, he must resign.

Dr. Garfield, at the cabinet meeting last Friday, is understood to have taken a decided stand on the coal situation and there was a disagreement and it was decided that the president must act to settle the strike. Dr. Garfield was consulted with regard to the statement that the president was to make on Saturday night.

HAMMONTON, N. J., Dec. 12.—Formal complaint was filed in the county court today by Prosecuting Attorney E. C. Gaskill charging Charles S. White with the "wilful murder" of three-year-old "Billy" Dansey. At the same time Mrs. Edith Jones, housekeeper for Councilman Edward White, father of Charles, was accused of concealing knowledge of "the foul crime."

Both White and Mrs. Jones are in jail at Maya Landing awaiting action by the grand jury.

The official complaint is based on a deposition by Chief of County Detectives J. P. Wilson, who has been investigating the case since little "Billy" disappeared from the home of his parents, Mr. and Mrs. Hercules Dansey, on October 8.

BOOST PRICE OF MILK HERE

Advance of One Cent a Pint and Quart Effective Monday

Starting Monday the retail price of milk in the East Liverpool district will be boosted another cent on both pint and quart sizes by the City Pure Milk company. It was announced Friday.

Advance from 36 to 41 cents per gallon on the wholesale price of milk by the Dairymen's Co-Operative Sales company of this city is given by A. E. Webber, general manager of the milk company, as the reason for the increase in retail milk prices.

The dairymen's organization, embracing nearly 40 farmers in the East Liverpool district, voted to increase the wholesale price of milk two cents on the gallon effective Monday. This step was taken at a meeting held in the Y. M. C. A. on Oct. 29. At a similar meeting held on Nov. 29, it was decided by the farmers to add three cents to the price of the commodity, making a total increase of five cents on the gallon within 30 days.

The milk company, Mr. Webber said, absorbed the first increase of three cents on the wholesale price of milk without advancing the retail price. An effort was made, he stated, to affect a compromise with the dairymen, but they threatened to sell their milk in Pittsburgh if the price was not met.

The City Pure Milk company controls the bulk of all milk and cream distributed in the East Liverpool district. Under the new prices to go into effect Monday, pint bottles of milk will retail at nine cents and the quart sizes at 16 cents.

SENATE PASSES M'NARY BILL; UNCLE SAM TO WATCH PRICES

Measure Extends Life and Power of Sugar Equalization Board.

SUPERVISE DISTRIBUTION

Bill Now Goes to House; Passage Expected Before Dec. 20.

WASHINGTON, Dec. 12.—The McNary bill extending the life and power of the sugar equalization board for one year after January 1, 1920, so as to permit the government to deal with "sugar profiteers" and to supervise an equal distribution of sugar at reasonable prices, was passed by the senate this afternoon without a roll call.

The bill now goes to the house. Passage of it by that body before congress takes its customary Christmas recess beginning December 20, is planned.

The bill was so amended as to abolish the zone system of sugar prices so as to require the equalization board to fix a uniform price of sugar throughout this country. The amendment was sponsored by Senator McKellar, Democrat, Tennessee.

"The profiteers of 'big business'—and this includes a lot of coal operators—are as great or a greater menace to us and our institutions than the Bolsheviks, I. W. W., and the 'radicals' who are preaching the overthrow of government," Senator Capper, Republican, Kansas, declared in debate on the McNary bill.

MOTOR TRUCK PARTS ARRIVE

Parts for the combination pumper at Central fire station arrived here Thursday from the factory of the Buffalo Gasoline Motors company at Buffalo, N. Y.

The repaired parts included a section of the crank case, shaft, three cylinders and connecting crank shafts. The broken parts of the engine were shipped to Buffalo the latter part of August, but were delayed because of a rush of orders at the plant. One part of the machinery had to be cast three times before a perfect casting was made.

The work of rebuilding the engine of the pumper is being rushed to completion at Central station. The truck will be placed in commission within ten days or two weeks. Fire Chief Thomas Bryan stated Thursday.

The combination pumper, purchased from the Robinson company along with the first motor equipment of the department, was dismantled several months ago. It had been planned at first to junk the apparatus, but at the advice of motor experts from the Pittsburgh and Youngstown fire departments the engine was torn down and the broken parts sent away for re-casting.

WORK ON GREENSBURG POTTERY IS DELAYED

Work on the new plant of the Pittsburgh-American China company at Greensburg, Pa., is being held up because of a delay in the arrival of material.

The Gamble and Bryan Contracting company of this city has the contract for the erection of the 15 continuous kilns with which the plant is to be installed. Scarcity of cars for the transportation of materials and the shortage of coal necessary in the manufacture of brick for the plant are said to be largely responsible for the tieup in building activities.

When Commissioner Hinchcliff called the meeting to order.

W. H. Metzger, of Salem; L. M. Kyes, of East Palestine; Pat McNicol, of East Liverpool, and several others spoke.

Attorney W. H. Vodrey suggested that a motion expressing a vote of confidence in the officials who have charge of the road building be in order. Delwin Stratton, of near Salem, made a motion that the commissioners be given a vote of confidence. Mr. Vodrey added to it to include the county engineer. The motion carried.

HOWELL NOT IN CITY, BELIEF

Although the reports that Dick Howell, wanted for the slaying of Detective Anthony Skotnicki at Canton, was here Wednesday evening, were generally denied by the police here, every effort was made by local authorities to run the rumors to the ground. It was the firm belief of the police that Howell was not in town. It was declared by persons who are said to know Howell that the gunman visited the home of a relative near Fourteenth street. The police instituted a search throughout the city, but could find no basis for the report.

Harry Cottrell of Toronto has been arrested at Canton, it is said, and is being held by the authorities there, charged with being a suspicious person.

Cottrell is accused of conspiring to frustrate the law by aiding and abetting the escape of Dick Howell. Cottrell, who is married to the step-daughter of Howell, has been residing in Canton for several months with his wife, and is believed to have been in close communication with Howell. It is charged that Cottrell on two different occasions "tipped off" Howell, aiding him to elude the police.

Cottrell was arrested at Toronto last spring when the raid was made on Howell's place by Toronto and Welton police. He was indicted by the grand jury, but the case was later dropped when Howell skipped his bond.

WHO SHOULD HEAD THE LIST?

Despite the fact that most people are continually bemoaning the high cost of living and pointing out the many causes which prompt the soaring prices for necessities of life, there are few who do not manage to save some of their surplus money for the purpose of remembering their intimate acquaintances with Christmas presents. However, it is a problem for many, and as a result the Christmas giving list this year probably will be curtailed.

During an emergency, for instance an acute shortage of fuel, certain restrictions are put into effect by the government and what is known as a priority list is established. And on this priority list are placed what are designated as essential industries—industries necessary to the public welfare.

This plan has proved such a success in averting crises that its adoption in the distribution of gifts during the Christmas season probably would be an excellent method for persons who are in a quandry on this yuletide giving idea.

And who should head the list? Someone answers that a sweetheart must be given a Christmas remembrance irrespective of the drain on the pocketbook. Another has a brother or sister who must not be forgotten; then there are other relatives or intimate friends who will be offended unless the custom established in past years is continued. But after all, there is but one answer as to the identity of the person for the honor position on your priority list. And that answer is Mother.

Your mother should be first in your thoughts on Christmas day. Her sacrifices, love and devotion should be remembered with some token of appreciation.

CLIMATE CHANGES LITTLE.

The man who complains that the climate is getting milder year by year, and who deplores the passing of the "good, old-fashioned winter," is sorrowing without cause, according to the latest experts on weather history.

These experts claim that the climate and weather conditions in this country today are just about as they were at the time when the Norsemen first set foot on American soil. Away back in 1770, a weather prophet was complaining that the winters were milder than when he was a boy; but the modern researcher has gathered old almanacs and documents which prove that if all the winters since the Pilgrims landed were listed and the list divided in halves from first to last, it would be found that for every mild winter of recent years there was a mild one long ago.

Professor Ward says, in the Scientific Monthly, that the reason every adult thinks the winters are milder is that the skating parties, snowshoveling and sleigh rides of his youth made a deeper impression than like events of his later years, and the season comes and goes with little attention from him.

Is the "old-fashioned winter" gone, then, because it existed only in imagination?

Gone with Santa Claus and fairies and all the dreams of youth? At any rate, there is a grain of comfort and a feeling of solidity, after all, in any testimony which proves in these troublous times that mankind or weather or world is pretty much the same that it was long years ago.

THE BIGGEST BIBLE.

A colossal copy of the Bible is to be sent to this country and Canada at some time during the coming year, and is to be generally exhibited.

The book is to weigh three-quarters of a ton. It will be five feet high, with its pages three feet across, and its spread when opened will be over seven feet.

An automobile especially designed is to be used for its transportation. The idea of exhibiting the Good Book in this form is to awaken interest in it.

Instead of being printed, each verse is being written by hand, and signed by the writer, to testify that he himself is a believer in its teachings.

There is no doubt that the book will arouse great interest and curiosity. Whether, as is hoped, it will also help to popularize the Bible remains to be seen. The method of procedure may not appeal to many people, but there is one thing certain. There is nothing so much needed by the sad old world today as a revival of the old principles of Christianity. The more closely the world, business and social, clings to these doctrines of simple faith and unselfishness, the more easily and quickly it will settle its difficulties. For its difficulties are problems in selfishness and unfaith only, whatever modern title they may carry.

VOLUNTARY DEPORTATION.

Emma Goldman's lawyer says she "has no objection to leaving the country, providing the authorities will let her go of her own volition and pay her own way."

Surely that can easily be arranged, not only for the anarchistic Emma but for all the other Reds now bedeviling this country.

Let them have their own way about it. Just let them go "voluntarily" at their own expense, with the understanding that if they ever return they'll be put where they can't make any more speeches for the rest of their lives.

No longer can it be said that a college education disqualifies people for making money. There are plenty of college graduates nowadays making a fine living as plumbers, farm hands and cooks.

If the Russian Bolshevik army keeps on pressing eastward, the Japs eventually will have to stop it. That might dispose effectively of the Red and Yellow perils both at the same time.

Suggestion for an appropriate and acceptable Christmas remembrance: A lump of sugar with your monogram on it.

No, the Red propagandists shouldn't be mopped up. They should be swept up with a vacuum cleaner.

NEW YORK LETTER

By O. O. McIntyre

NEW YORK, Dec. 12.—Over on West Fifty Sixth street is Mrs. Duprez's boarding house—the real old fashioned kind where they have star boarders, a slovenly slavey girl, parlor lamps, the horse hide sofa and a big round dining room table for all. At Mrs. Duprez's place dinner is at noon and supper at 6 o'clock and she rings the bell herself in the little hallway entrance to the dining room.

But because it is old fashioned is not its charm. It is a boarding house for circus folk—performers in town for the winter who talk in the patois of the saw-dust ring and the big tip. There are bare-back riders, trapeze performers, cannon ball jugglers, clowns and tight wire walkers and all of the polyglot ensemble so dear to Boyville.

Not one of us ever lose the circus thrill. To visit Mrs. Duprez's is to taste red lamonaed, eat peanuts, sniff the pungent odor of the menagerie and hear the crack of the ring-masters whip all in one Cubist impression. I visited the place with Harry P. Staton, for several years Barnum and Bailey's and Ringlings publicity wizard.

Staton is the modern Tody Hamilton. He represents the new type of press agent in contrast to the ticket giving, cigar presenting good fellow of yesterday. The new press agent of the circus is a psychologist a student of the classics and a highly paid employee. Nearly all of them landed stories in the best magazines.

A clannish lot these circus folk, but their own friendships and ties are clinched with hooks of steel. Because they know Staton and I was his friend, they were natural and easy—just like the folk we all know at the hotel, drug store or postoffice back home. The women are industrious and invariably church-goers. The circus men are old fashioned. Why? No one seems to know.

But they express it in such trivialities as the vest pocket comb, the over the head stiff shirt, wristlets, mountainous toed shoes and the like. They are proud and zealous of their profession. They point to many who have left the circus for the so-called legitimate stage to make big hits. For instance Ida St. Leon, soon to star on Broadway; Slivers, the clown; Dainty Marie and Bird Millman, one of the Follies' attractions on the tight rope.

Society is aflutter over the coming of the Duchess of Marlborough, daughter of Mrs. O. H. P. Belmont. She will bring with her her eldest son the Marquis of Blandford. He has recently attained his majority and is considered a most desirable catch as he will one day inherit his father's title and estates. Incidentally the Duchess, who for several years eschewed society owing to almost total deafness, has now recovered and she claims her hearing was restored thru Christian Science. This religion is making rapid strides in the peerage. One of Queen Victoria's granddaughters, Princess Louise, is an ardent adherent to its tenets and Lady Astor, who has been so much in the public eye, is a constant reader of "Science and Health."

Over the lunch-table at Brown's Chop House on Broadway the other day a group of magazine editors—who graduated from the newspaper shops—discussed the most unusual and striking headline that ever appeared in a New York newspaper. All agreed that the one written by Boss Clark of the Sun, in the old days was the best ever written. The story concerned the theft of some books on the Simple Life by a crowd of young East Side toughs. And the headline read:

TEMPTED BEYOND THEIR STRENGTH

Actors and managers who quit the Friars and Lambs during the actors' strike are slowly returning. The big event will be when George M. Cohan returns to the Friars. Broadway will be lively for one night at least. So for Mr. Cohan is coy.

Why Is Ill Health?

Many Causes for a Run-Down Condition

One of the Most Common is Anemia (General Bloodlessness)

"Ill health" is a relative term. Some individuals are terribly and seriously ill, and need the services of the best doctor obtainable.

Others are not so seriously affected. If your ill health is a result of weak, watery blood (an exceedingly common condition) you can recognize it by the following signs or symptoms:

- 1—Poor color or real paleness.
- 2—"Nervousness" or general weakness.
- 3—Frequent headaches.
- 4—Loss of appetite.
- 5—Lack of spirits and ambition.
- 6—Loss of bodily strength.

The best remedy is one that will overcome the cause—Anemia or Bloodlessness. "Gude's" Pepto-Mangan is the one peculiarly valuable medicine for this purpose; it supplies the weak, watery blood with the very elements it needs to put new life into the vital fluid (the blood) which carries the good one gets from one's food to all parts of the run-down body. It repairs, re-creates, revivifies and rebuilds the exhausted blood, the fountain and foundation of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.

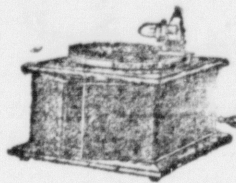

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

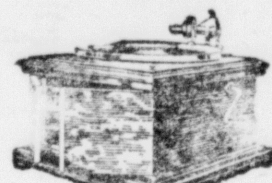

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair, after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SMALLPOX HITS HOOKSTOWN, PA

Churches and Schools Ordered Closed and All Public Gatherings Are Under Ban.

Churches and schools in Hookstown and vicinity have been ordered closed and all public gatherings have been placed under ban, as the result of the smallpox epidemic which has been taking in the southern part of Beaver county for the last couple of weeks.

Several cases of the disease are said to be prevalent throughout the district. A number of cases of the malady are under quarantine at the home of George Ramsey near Hookstown, the father of Mrs. Ulysses Huff and her husband, being seriously ill.

The homes of John Wilkinson and Mr. and Mrs. Wallace Cane are also under quarantine, cases of the disease said to be existing there. A quarantine has also been established over a number of other homes where members of the family were said to have been exposed to the disease.

The Beaver county health officials have assumed charge of the situation and have taken all precautionary means of checking the further spread of the disease. No church meetings will be allowed, schools will not be allowed to reopen, no public meetings of any kind permitted until the epidemic subsides.

The disease is believed to have been carried to the neighborhood by New Cumberland people, who attended a dance in that district a few weeks ago. The town of New Cumberland itself is just recovering from a similar epidemic and the disease was spread by people who had been exposed.

A number of vaccinations has been ordered by the county health authorities. The disease is said to have spread across the state line into Hancock county, and now the county health authorities have been called in to assist in combating the malady.

Shoe Factory Worker Tells how Chasco-Vin Accomplished What Everything Else Failed to do

A Zito, 839 Muhlenburg St., Reading, Pa., employed in the Crescent Shoe factory, said that Chasco-Vin had accomplished what everything else failed to do.

It drove out a nervous disorder of long standing and cleared up the impurities in his blood. At times his hands and feet became numb, as if

asleep, but this, too, is all gone.

"After taking the second bottle I found myself gradually improving, while today I am a different man."

A Home Treatment for Asthma Makes Breathing Easy.

A Worcester, Mass. doctor has suggested the following simple, harmless and inexpensive home treatment for bronchial asthma chronic bronchitis and coughs and colds which threaten to affect the lungs.

At Jesse D. Holloway's Carnahan's Pharmacy or any reliable druggist's get a bottle of Oxidase (essential oil) tablets and slowly dissolve one tablet in mouth at regular intervals. Though harmless and pleasant they are so powerful in their action that even in stubborn cases relief often comes in just a few minutes. Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take an Oxidase tablet when going to bed and can lie down and breathe easily and naturally and get a good night's restful sleep.

Druggists everywhere are selling Oxidase tablets on a positive guarantee to refund the full purchase price of the first package if it fails to give prompt relief in any case of Bronchial Coughs or Asthma.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmin (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parmin is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

SEEK ELECTION LAW CHANGES

COLUMBUS, Dec. 12.—A bill, requiring candidates for the United States senatorial nomination, to file their declaration papers 45 days before the August primaries has been introduced in the state legislature by Senator Hopely, of Bucyrus.

The present law decrees that such declarations shall be filed sixty days prior to the August primaries.

Senator Hopely's bill, if it becomes a law, will permit U. S. Senator Harding to defer filing a declaration, with a view to re-election as United States senator, until after the Republican national convention, which convenes at Chicago on June 8.

Under the present law, if Senator Harding fails to receive the presidential nomination at the Chicago convention, and became a candidate for re-election to the United States senate, he would have to file his declaration not later than June 11, the third day of the Chicago convention.

Republicans point out that it is not likely that the presidential nomination will have been made before June 11.

A bill, abolishing the August primaries in presidential election years and combining all primary elections of such years with the April presidential preference primary, has been introduced by Senator Miller, of Muskingum county.

Senator McCoy, of Youngstown has introduced a bill providing that in cases of special elections held to fill vacancies the candidates may be named by the controlling political committee. The dates may be set by the committee. The bill is designed to do away with special primaries in such instances, Senator McCoy pointed out, that it cost Mahoning and Trumbull \$4 per vote to hold the special primary at which he was nominated to succeed the late Senator Davis, of Youngstown.

CATARRH

Quickly Ended by a Pleasant, Healing Antiseptic Air—Just Breathe It.

The little hard rubber Hyomei inhaler which you can get at Bulger's Pharmacy or any reliable druggist can easily be carried in pocket or purse. It will last a life time. Into this inhaler you pour a few drops of the pure healing oil of Hyomei. This oil is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ infested membranes where it will speedily begin its work of banishing catarrhal germs and ending catarrh. Hyomei is made of Australian eucalyptus, combined with other antiseptics and is very pleasant to breathe. It is guaranteed to banish catarrh, bronchitis, influenza, tonsillitis, sore throat, croup, coughs and colds or money back. It often cleans out a stuffed up head and opens clogged nostrils in two minutes. Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while extra bottles, if afterward needed, may be obtained at any druggist for a few cents.

mines in Illinois today for the first time in six weeks, reports received at headquarters of the United Mine Workers' union here stated that the strikers who returned to work yesterday had cleared away most of the debris from the mines so that coal could actually be dug. As soon as it was brought to the surface the coal was loaded on cars waiting at the mines.

The reports at union headquarters state that most of the miners in the state have gone back to work. A few locals are still out, however. ST. CLAIRSVILLE MEN ARE SUPERSTITIOUS

ST. CLAIRSVILLE, O., Dec. 12.—Superstition was blamed for failure of some of the miners to enter the mines this morning following the strike which began in this field October 31.

Leaders in the mining industry said that some of the men feared disaster should they go to work on Friday and while it was not the thirteenth, the date is so close they could not reconcile themselves to going to work until after the "dangerous date" had become history.

MINE OWNERS PROTEST PLAN

Oppose Proposed Commission to Adjust Miners' Wages.

WASHINGTON, Dec. 12.—Coal operators of the Central Pennsylvania bituminous fields today came out against the plan for the settlement of the coal strike.

The Central Pennsylvania operators in session here adopted resolutions protesting against the proposed commission to adjust wages.

"Settlement of the bituminous coal strike under the plan accepted by the mine workers' officials at Indianapolis is no settlement whatever of principles at stake in the controversy," said a statement issued by the operators. "It is merely a postponement of the showdown, which, in our opinion, is bound to come."

DECATUR, Ill., Dec. 12.—Mine operators at Assumption, near here, refused to open their mines today, declaring the 14 per cent wage increase granted the men could not be paid without increasing the present price of coal, according to word received here.

The miners had voted last night to return to work this morning.

INCOME TAX IS TURNED DOWN

COLUMBUS, Dec. 12.—Falling short by four votes, the proposed state income tax was defeated by the house here. Eight million dollars was expected to be raised from the income tax measure, were it enacted, of which 25 percent would go to the state, and the rest to the municipalities and townships.

Republican floor leader Beetham charged the Democrats with the defeat of the proposed income bill as only five voted for it. Democratic leader Hopper, who voted for the measure, denied any attempt of partisan opposition to the bill. The vote showed 59 for and 38 against the bill.

Amendments were made to the bill, raised the exemption for unmarried persons from \$500 to \$1,000 and for married persons from \$1,000 to \$2,000. Incomes of \$50,000 would have to pay a 3 percent tax. These amendments made the measure similar to the federal income tax law.

Senator Whittemore, Republican floor leader in the upper house and member of the tax committee, opposed the bill, and after its defeat announced that he did not concur with the majority of the committee recommending the measure for passage. He believes that relief to cities is possible by amending the Smith one percent law so as to remove interest and sinking fund levies from within the ten mill limitation, coupled with a stringent debt limitation law. There was some suspicion that the Republican state organization also held this opinion of the proposed measure.

Senator Parrett, chairman of the tax committee, believes that an income tax bill is the only way for

SCENE FROM D. W. GRIFFITH'S "BROKEN BLOSSOMS"
TO APPEAR AT THE AMERICAN THEATRE THREE DAYS COMMENCING MONDAY

bringing relief to the cities of the state, but said that the committee, however, had no love for an income hold a public hearing on the defeated measure next Monday night. Leaders doubt if the bill, when it comes up for re-consideration, will pass the house.

RED CROSS AIDS MANY FAMILIES

Relief Extended 102 by Home Service Section Here During Month of November, Says Report.

One hundred and forty-two families were given assistance by the Home Service-Civilian Relief during the month of November, according to the report of Miss Dorothy Weinsweig, secretary, made public Friday.

A total of \$206.47 was expended during the month in financial assistance extended by the mercy organization. Of this amount \$80 was expended in weekly allowances, \$71.32 for clothing, rent, groceries and other necessities to needy families, and \$55.15 in loans.

An exhaustive report of the month's activities has been compiled by Miss Weinsweig. Every visit made at the office, the number of telephone calls answered, telegrams sent and other minor details of the month's activities are listed. Twenty-seven ex-soldiers made application for assistance in recovering compensation of some kind due from the government.

Out of five requests from families to locate soldier relatives, four were successful. Two investigations were conducted to establish the necessity for the discharge of soldiers, one former service man was sent to a sanatorium, six ex-service men were aided in converting or reducing their wartime risk insurance, and 17 compensation claims filed.

Importance of the immediate filing of claims of any kind by ex-service men before the expiration of a year after honorably discharged is emphasized by Miss Weinsweig. No claims filed after a year will be considered by the government.

NEWS NOTES FROM MOVIELAND

Dorothy Dalton, who is being featured in "Aphrodite," the great spectacle which is having its first run in New York, has made quite an impression upon the critics. Some of them,

Dorothy Dalton as she appears in "Aphrodite."

however, forgetting that Miss Dalton played several seasons in stock and vaudeville, have acclaimed her as a new recruit for the footlights and

promise that a future is in store for her should she decide to go on the legitimate stage. Miss Dalton's present engagement on the speaking stage may not last long, however, for Mayor Hylan has ordered the New York license department to investigate the show. The mayor's letter said in part:

"Press accounts today condemn as indecent the production of 'Aphrodite.' Consequently I believe that an immediate inquiry should be made into the character of this performance, and if it is found to be offensive to the public taste some way should be found to suppress it. Immoral plays must not be flaunted in the face of the New York public."

"There is always ample support for good, wholesome productions here, but I am absolutely certain that the people of this city will not tolerate anything that borders on licentiousness."

It seems that Dorothy always picks the naughty plays. We remember one picture that even the rather lenient (as compared with others) Ohio censors would not permit.

Miss Dalton, although she achieved her fame on the screen, is by no means new on the boards for she was on the stage before entering the silent drama. Her present part in "Aphrodite" suits her perfectly, in fact, Morris Gest, the producer, was holding up the production hunting for the right type when he found Miss Dalton for the part. Miss Dalton is a Thomas M. Ince star and one of her first and perhaps one of her best pictures, "The Flame of the Yukon," was done under the Tri-

angle banner.

Soon Dorothy will join the rest of those industrious actors who are acting under the Cooper Hewitts by day and behind the footlights at night. She will commence work shortly on her next Ince picture, which bears the title "White Ashes." Luther Reed is the author of the story and he is preparing the scenario from his own story. The accompanying photograph was taken just before the opening of "Aphrodite."

Drops Dead on Car.
CLEVELAND, Dec. 11.—The body of F. A. Honeywell, West Fourth street, Mansfield, O., who dropped dead on a street car late yesterday, was claimed by friends at the county morgue and has been taken to Mansfield.

Germany's present coal output barely covers the requirements of the railways, private households, gas plants and public institutions and leaves virtually nothing for industrial institutions.

CENSUS ENUMERATION TO BEGIN JANUARY 2

Census enumeration in Newell will begin on Friday, January 2. It was officially announced here. Every possible means will be taken to speed up the work in order that early reports can be made to the district supervisor's office at Fairmont.

Among the questions that will be asked by the census enumerators in their work are the following: Name, address, age, father's and mother's name and where born; language; can you read, write and talk English; occupation and many others.

About two weeks' time will be required by the supervisors in their work.

PLAN TO CONSOLIDATE 15 ONE-ROOM SCHOOLS

Fifteen one-room schools in and near Bethany, Brooke county, are to be consolidated, the pupils to be transferred to graded schools according to a plan which is being considered by Dr. I. R. Woodhush, state supervisor of rural schools.

It has just been announced that the state school authorities have taken 18 consolidation projects under consideration, in which 88 one-room schools would be abandoned, the pupils to be transferred to larger schools. Ten schools near West Liberty and six schools at Valley Grove, Ohio county, are included in the projects under consideration.

There are only two places in which changes are being considered in the Panhandle district of the state.

ODD FELLOWS ATTEND E. LIVERPOOL MEET

A large delegation of Newell Odd Fellows attended the meeting of Pennova lodge No. 880, East End, East Liverpool, Thursday night, a class of six candidates from the Newell lodge joining the class being put through in the East End lodge.

Because of the lecture of Dr. Gilmore Stott, at the Presbyterian church Friday evening no meeting of Clark lodge will be held.

A large number of the members of Clark lodge accompanied the candidates and witnessed the work of the East End degree team.

NO SUSPENSION OF WORK AT POTTERIES

No suspension of operations at Newell's main industry—the potteries—is anticipated inasmuch as the coal strike is settled. Neither of the two larger plants—the Edwin M. Knowles or the Homer Laughlin works—have been handicapped by the scarcity of fuel.

The Edwin M. Knowles plant is now drawing on its reserve supply of the fuel in order to keep the boilers in operation. No coal is being used in firing kilns. Before this reserve supply is depleted it is expected that coal shipments will be available.

The machinery at the two Laughlin plants is operated from one plant and it was stated Thursday that sufficient fuel is available. The No. 5 Laughlin plant has a reserve supply which can be drawn upon in case it becomes necessary to use it.

Money to Loan at East Liverpool's newest financial institution, The Community Bank.

LODGE PLANS TO GIVE AWAY 25-POUND BIRD

A large 25-pound turkey which will be given away by Clark lodge No. 447, the day before Christmas, is now on display in the show window of the Robinson news stand, Sixth street, Newell. The turkey will go to the person who guesses the nearest correct number of kernels in a jar of corn which also is on display at the Robinson store.

This contest is being held in connection with the old fashioned country fair and bazaar which will be given under the auspices of the lodge on the third floor of the Aaron building on Dec. 23 and 24. Many other interesting features will be staged at the time, among which is the beauty contest. A dozen or more contestants have been entered in this contest, the winner to receive a \$10 box of chocolates.

RUSH WORK ON NEW KILN AT KNOWLES PLANT

Gamble & Bryan, East Liverpool contractors, are rushing work on the new decorating kiln and addition being constructed at the plant of the Edwin M. Knowles China company here.

The kiln, which will be one of the most modern types, is rapidly nearing completion, while it is hoped to have the building under roof within the next week or so. The addition stands next to the warehouse on the north side of the office building. The new kiln will be ready for use about January 1.

First of Visitation Meets. Many Newell Odd Fellows are planning to attend the first of the series of visitation meets of the several Odd Fellows lodges in the local vicinity, to be held in East End, East Liverpool, on Friday evening, Dec. 19, when Pennova lodge No. 880 will be the host. Visiting delegations will be present from the Newell, Chester, Wellsville, East Liverpool (No. 379) and Smith's Ferry lodges. The Wellsville degree tea will exemplify the second degree work at this meeting.

YES, WINDING THE WATCH, THAT WAS THE PROBLEM

M'ALESTER, Okla.—George Burton, prosperous business man, who for years has borne a good reputation for veracity, told this story, and it is therefore believed. Four years ago he lost his watch when doing chores in his barn. Recently he slaughtered a cow and embedded in the stomach he found the missing watch, still running and only four minutes slow. He said he believed each time it swallowed its cud it wound the watch.

USES COMMON YELLOW MUSTARD FOR CHEST COLES AND SORE THROAT

Old Fashioned Simple Home Remedy Much Used by Doctors and Nurses for Inflammation, Congestion, Aches, Pains and Swellings.

Mustard, a yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering. Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to that part of the body where pain or inflammation was present. It surely did do the work it was expected to do, but it was messy and bothersome and often blistered the skin. People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago or rheumatic pains and swellings. But nowadays they buy this yellow mustard in condensed form all ready for use for something like 30 cents a box and find it much better, cheaper and cleaner than mustard plaster.

known to millions as Begy's Mustardine is sold at drugstores all over America and one box will do the work of 10 mustard plasters and it cannot blister the tenderest skin. Begy's Mustardine is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth. It will yap you to keep a box of Begy's Mustardine in the house, for it is good for so many ailments that you will need often. Just rub it on, that's all you have to do and headache, backache, earache and toothache will disappear almost instantly. Don't fail to use it for neuritis, neuralgia, sciatica, lumbago, gout and rheumatic pains and swellings. You will quickly find that there is nothing so good for sprains and strains, sore muscles, stiff neck and cramps in leg. Heat eases pain and Begy's Mustardine made of real yellow mustard with other helpful ingredients added contains more concentrated, non-blistering heat than can be found in any box the same size. Just try a 30-cent box—you'll praise it to the skies as millions are doing every day. Always in the yellow box.

ASK TEACHERS TO GIVE DATA

Teachers in the East Liverpool public schools are filling out questionnaires sent out this week from the office of F. C. Landsittel, director of the Ohio School Revenue Inquiry at Columbus, for the purpose of collecting data in support of the request of Ohio educators for substantial wage boosts.

Information gathered from teachers in all parts of the state will be laid before the taxation committee of the Ohio general assembly and used as a basis for drawing up a permanent taxation program that will insure a fair wage for Ohio teachers.

Nine questions are devoted to the teaching experience and salary of the individual teacher. A group of eleven queries seeks to learn the cost of living and living conditions of each teacher, while the instructors are asked to give the wage of as many of 20 different occupations in their respective communities as she is familiar with. The latter list of questions is compiled to compare the teachers' wages with those of other labor in the various districts.

These questionnaires were distributed at a teachers' meeting and are to be filled out as completely as possible and returned at once to the ward principals for filing with the superintendent of schools. Question sheets from every teacher in the city will be forwarded to Columbus from the office of Supt. Geiger.

EAGLES' DEGREE TEAM TO EXEMPLIFY WORK

The degree team of East Liverpool Aerie No. 457, F. O. Eagles, will exemplify the initiatory degree for a class of 80 candidates at Monaca, Pa. next Monday, Dec. 15.

Fifteen members of the team and a number of other lodges plan to make the trip. After the initiation a banquet will be served by the Monaca aerie. Bellair—The box factory of the Dubois & McCoy Lumber company here may have to close soon due to inability to obtain nails. The company has a two week supply consisting of 100 kegs. KNITTED MUFFLERS

We have all kinds of mufflers, some in vivid colors and others more subdued.

Prices \$1.00 to \$7.50

HOSE

What could be a better gift than a nice pair of silk hose? A man needs something like this as much as he needs a good suit or overcoat, for they are as much a part of his dress as a suit or overcoat. We pride ourselves on the wonderful line of hose we carry; we have them in all sizes and colors, so if you come here for them you can rest assured that we have exactly what you want.

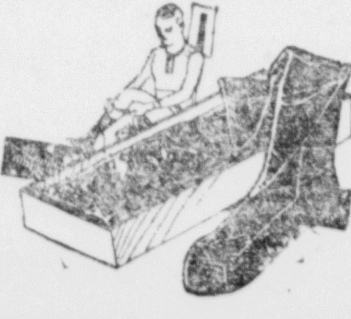

Prices 25c to \$2.50

The above items are but a few of the many things that we have in this big store that could be used as a gift for men. This store carries a large stock of the following: Sweater Coats, Gloves, Hats, Caps, Handkerchiefs, Suit Cases, Traveling Bags, Men's Suits, Men's Overcoats, Etc.

"SERGEANT GRAY" STORY IN FILM AT STRAND

The millions of young Americans who went through the mill of training camp life will appreciate the audaciousness of one Sergeant Gray in "Twenty-three and a Half Hours"

following morning and split a brain mufin with him. What made success all the more dubious was the fact that the "Sergeant" and the C. O. were about as friendly as a couple of strange bull dogs.

This is the situation at the beginning of the delightful Thomas H. Ince production, which was adapted from Mary Roberts Rinehart's well known "Sergeant Gray stories." The picture introduces Doris May, and Douglas McLean, a co-starring team of which Mr. Ince is sponsor, in their first effort together. Its success augurs well for the future of this really delightful pair.

"HEARTS OF WORLD" FILM AT CERAMIC

D. W. Griffith's masterpiece, "Hearts of the World," with a most delightful musical accompaniment, opened a three days' engagement to large audiences at the Ceramic theater Thursday. It cannot be described as a war picture, though there are a number of marvelous panoramic scenes that might have been painted by the greatest artists of the Old

Gray Heads Union Pacific Road.

NEW YORK, Dec. 11.—At a meeting here today Carl Grey was elected president of the Union Pacific rail road, succeeding E. E. Callahan, resigned.

World; giant moving canvasses of rare beauty and charm.

"Hearts of the World" is a love story of the war.

For some half hour after the story begins, one sees only a picture of peaceful, happy country life, such as might have been found in a small French village before the war broke out. The war that comes after merely is used as a background for the drama. Its principal appeal is something sublime, and it arouses the most intense feelings as it grips the heartstrings of the audience, and yet in this picture all forms of drama are crystallized into moments of delight.

RUB YOUR BACK! STOP LUMBAGO

Don't drug kidneys! Rub the pain right out with old "St. Jacobs Liniment"

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now, listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Lumber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had lumbago, sciatica, or because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop dragging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

WENT ROUND WITH ARM IN A SLING FROM RHEUMATISM

Arms and Shoulders Were Red from Rheumatism, Hands Stiff as a Board.

Dayton Lady Declares Three Bottles of Dreco have Worked Wonders.

We publish today a most remarkable case which has recently come to light. It was reported by Mr. Roy L. Fisher, son-in-law of Mrs. Anna Swope, 25 Zena St., Dayton, O.

"I have been persuaded to try this new medicine, Dreco, for my rheumatism since I have seen the wonderful relief Mrs. Swope got from it. Her case was the worst I ever saw. Her arms, shoulders and hands were sore to the touch; very red, swollen and extremely painful. Her hands were so stiff she could not close her fist and she carried one arm in a sling because of the rheumatism. She could not keep house, so had my wife, (who is her daughter) and me come live with her, so my wife could attend to things. She had tried many remedies for this rheumatism, but it was like drinking so much water for all the good it did. One day she read about Dreco, bought three bottles and has taken them and it is wonderful to see the change Dreco has brought about. She has had more relief than from everything else put together.

"That proved enough to me and now I am going to take Dreco and get over my pains also, Dreco will do it too, I believe.

Dreco is made from roots and herbs which flush poisons from the blood in a natural manner. That's why Dreco is so successful in banishing rheumatism; that's why results are lasting.

Dreco is now sold by all progressive druggists throughout the country and is highly recommended in East Liverpool by Fick's Drug Store, Fifth and Market street.

SENIOR LEAGUE IS ORGANIZED

First Game Scheduled for Friday Night—Circuit Is Composed of Four Fast Teams.

The Y. M. C. A. basketball league, one of the most popular athletic features of the institution for years, will inaugurate its 1919-1920 season Friday night.

The senior league, just organized, consists at present of four teams of eight players each. As a rule the league is made up of six or eight teams, but for some reason, the basketball players have not yet made their appearance in large numbers this season. According to Assistant Physical Director John Mylar, who will supervise the league, the league will grow into six teams if sufficient players join within the next few weeks.

Four teams, the Giants, Indians, Pirates and Red Sox, at present are the chief contenders. The Giants' roster includes the following players: Albert Pyle, captain; Paul Reed,

Charles Coleman, Sam Grogolec, George Salsberry, F. R. Todd, L. R. Birbeck, George Reynolds and B. A. McKeever.

The Indians—George Farnival, captain; C. Bromby, Ray Bloor, Owen Buxton, Emil Mayer, Frank Mantou, Charles Howell, Stewart Orr and Charles Horton.

The Pirates—Harry Davies, captain; Paul Jester, Carlos Sayre, H. J. Gilmore, A. Pittinger, Roland Horton, Harvey Price and Clifford Wolfe.

Red Sox—Cliff Hindley, captain; Ernest Bucher, Frank Wise, W. F. F. Brown, R. L. Smith, R. Shope, Kenneth Shenkle and Nathan Roush.

The first game of the regular league schedule will be played Friday night with the Giants and the Indians as contenders. Next Tuesday night the Pirates and the Red Sox will clash, completing the first round. The remainder of the schedule will be announced later.

MAN IS BLIND, BUT SENSE OF SMELL ACUTE

CINCINNATI, Dec. 12.—Max Trichter is blind, but his sense of smell is acute.

In his apartments of the tenement house here, he smelled smoke. Feeling his way around the room his hand touched the hot woodwork.

Working his way to the door, he sounded an alarm. Neighbors led him out. Firemen put out the blaze with small loss.

HEAVIES MEET AT WELLSVILLE

Jean Mazzan and Jim Olso Grapple In Finish Match at City Hall Monday—Boxing Bout On.

Jean Mazzan, noted Canton wrestler and strong man, who performed before Wellsville and East Liverpool sport fans during the 1918-1919 season, is scheduled to make his second appearance before local audiences next Monday night at the city hall, Wellsville.

Mazzan is booked to meet Jim Olson of Indiana, called the "Hoosier Champion," in a finish match, two falls out of three. Mazzan was originally booked to meet Al Williams of Indianapolis, but the latter wired promoter Norman Zeigler that he would be unable to arrive at the appointed time and consequently the Indiana grappler was signed.

Olson will unquestionably furnish just as much opposition for the Italian. He will enter the ring at 212 pounds, while Mazzan will be 225.

Not the least important event on the program will be the ten-round bout between K. O. McGuire of Pittsburgh, and Young Barton of Canton immediately preceding the main attraction. McGuire and Barton will make 145 pounds ringside.

PROFESSIONAL FOOTBALL MEN MEET IN AKRON

CANTON, Dec. 12.—Professional football chieftains of Canton, Massillon, Akron and Cleveland are to assemble before the Christmas holidays to consider the formation of a league for 1920, if plans of Jack Donahue, one of the incorporators of the Tiger club of Massillon are not laid on shifting sands.

Donahue last week got in touch with Ralph Hay, business manager of the Bulldogs of Canton, national champions under Jim Thorpe, asking that Hay shelve his ideas on the subject and be ready to attend a meeting for the purpose of lining things up for next season.

Hay will attend the meeting which probably will be held in Akron, the most central point in the layout of the four cities. Frank Neid and Ralph Waldsmith are expected to represent the Rubbertown. Jimmy O'Donnell will be on hand for Cleveland, Donahue and probably Louis Mauger for Massillon, and Hay for Canton. One of the foremost points of such a gathering would be to map out a general schedule so there would be no post-season controversy such as Cleveland raised when Canton refused to meet the Sixth City team in December following its defeat by Mas-

DRISCOLL WILL PLAY WITH CINCINNATI GRID TEAMS

They're still playing professional football in Cincinnati.

Paddy Driscoll, famous Northwestern University backfield man, who played for the Hammond team this season, has signed to perform for the Norwood team in Cincinnati.

The Norwoods and the Celts will stage a two-game series for the championship of the Queen City, the first game being set for Sunday.

Driscoll and Canton's victory over the Tigers.

Professional football is in sportdom to stay. Attacks from college men having that branch of the game to protect may be all right in their way, but the compensatory element will not be crushed, judging from the manner in which professionalism perked up its heels and the speedy deals that have been negotiated since the formal close of the campaign Nov. 20. This section of Ohio is the hotbed of professionalism. Canton and Massillon have no college elevens to support, aside from interest taken in the Mt. Union eleven at Alliance. Akron has to back Akron University's athletic outfit, and Cleveland has Case and Reserve, but in lining up teams of the Ohio conference, there can be no comparison with the professional sport which draws from every class of citizens.

Just how many more cities will be knocking at the door of the prospective league is a matter of conjecture. With Cleveland, Akron, Canton and Massillon locked, the interest would be doubly heightened, and assure northern Ohio of having a team or teams in the finals of any sort of competition to decide the national title. Of course, Thorpe and his Canton Bulldogs will be recognized as the titleholders until their overthrow, for none can deny the excellence of the record registered by the smooth-working Red machine during the hard schedule of the recent season.

Russian immigration to the United States first became noticeable in 1872 and 1913; 291,040 Russians were registered at American ports of entry.

S. Davidson Herron.

Back in 1905 an eight-year-old youth who lived right across the road from the Oakmont Country Club, Pittsburg, started to spend considerable of his time on the golf links at that club learning the game. Perhaps he had decided at that time he would win the national amateur golf title some time, but he didn't say much about it. But that chap, S. Davidson Herron, now holds that title, winning it last summer against the best field of golfers brought together since the war ended.

He is a husky bird, though weighing 205 pounds. This weight helps him in getting distance in his drives, one of the outstanding features of his play. He's a college man. Went to Princeton. Graduated in 1918. Played golf in college, too being a member of the college team four years. He broke into the national game in 1915 when he tied Ned Sawyer in the preliminary qualifying round of the title tourney at Detroit.

Golf's his only real hobby. He tried football one year at Princeton, then passed it up.

Herbert Was Proud Of His Game

Herbert Spencer, the great philosopher, was very proud of his game of billiards. He once said to a crony of his:

"To play a good game of billiards is the accomplishment of a gentleman." Our amusement parlors are clean and inviting. You will find that little game of pocket billiards or the popular three-cushion or carom game will be restful to your nerves.

meals a day including a good
breakfast.

People who have catarrh or fre-
quent colds invite influenza, de-
clares a prominent Kentucky
druggist.

The membrane of the throat
and nose is raw, sore and tender,
and makes a lovely abiding place
for germs to thrive and multiply.

He advises an inexpensive home-
made remedy that will bring relief
in less than a day and will stop all
discharge and soothe and heal the
inflamed membrane in a few days.

Thousands are making this be-
neficial remedy at home and any-
one who has catarrh or a cold can
do the same.

Four three-quarters of an ounce
of Mentholized Arcine into a pint
bottle, then fill the bottle with
water that has been boiled.

Gargle the throat as directed
and snuff or spray the liquid into
the nostrils twice daily. It's a
simple way to get rid of cold and
catarrh and keeps the nasal pas-
sage and throat clean and healthy.

Nearly all druggists dispense
Mentholized Arcine in vials con-
taining exactly three-quarters of
an ounce, which is all you need to
make a pint of this healthful me-
dicine.

PITTSBURG WELTER FORGING TO FRONT

Jack Perry

Jack Perry, welterweight from Pittsburgh, Pa., is making the other lads in his class sit down and take notice—or go to sleep—these days. Perry's most recent achievement was that of knocking Milburn Saylor cold in three stanzas at Youngstown, O. Saylor is a veteran and a star in the welter class and is a tough battler, as a host of ring artists will concede.

That Perry outclassed Saylor is indicated by the fact that the Smoky City gent knocked Milburn flat in the

EVEN SCORE IN POTTERY MEET

Homer Laughlin and K. T. & K. pottery athletes battled Thursday night on the Y. M. C. A. floor in the annual indoor meet of the two institutions, but superiority for 1919 is still undecided. The meet ended in a tie, each side winning four events.

The baseball game, which would undoubtedly have decided the issue, was called off on account of lack of time. The meet, it is announced, will be held next February when the same lists of events will be run off. The large trophy cup which goes to the team winning each meet, will be held at the Y. M. C. A. pending the coming meet.

All events were run off in good shape by the "Y" officials Thursday night. Refreshments were served at the conclusion of the meet by members of the ladies' class of the Y. M. C. A.

Summary of the meet:

Swimming.
40-Yard dash—Won by Wheatley, K. T. & K.
40-Yard relay—Won by Homer Laughlin.

Gymnasium.
Track relay race—Won by K. T. & K. team composed of Quinn, Stivason, Bloor, Sayres, Reynolds and Davis.

Tug of war—Won by Homer Laughlin team composed of Wells, Swift, Higby, Brown, McConnell and Simballa.

Standing broad jump—Mylar, first, 8 1/4 inches; Swift, second, 8 1/2; Sayres, third, 8 1/2.

High jump—Mylar, first; Sayres, second; Bloor, third.

Volley ball game won by K. T. & K. team composed of Bloor, Sayres, A. Price, Reynolds, Davis and Kaufman; score, 21-11.

Basketball game, won by K. T. & K. team composed of Davies and Quinn, forwards; Sayres, center; Bloor and Price, guards; score, 12-8.

first round while the referee chanted eight. Four times in the second round Saylor hit the mat. Saylor had been sunk twice in the third round when the referee halted the battle.

Perry isn't a newcomer in the welter class. He has met all the big boys including Ted Lewis. He is angling now for a chance at Jack Britton, welter champ, and, judging from his recent work he ought to give the champ a battle.

APPLE PIE BAKING CONTEST SHOW FEATURE

COMPLETES LIST OF CENSUS ENUMERATORS

The list of enumerators who are to assist in the taking of the 1920 national census in the East Liverpool district has just been compiled by Allan E. McLane of Steubenville, supervisor of census for the seventeenth Ohio census district, and submitted to the federal director of census at Washington.

The work of taking the 1920 census will begin January 2 and will be completed within two weeks if the plans of the officials bureau of census are carried out.

It improves any man's health to quit tobacco if he can escape the awful craving that usually attends quitting without such assistance as Nicotol gives. Did you ever have Smoker's cough? Try Nicotol in getting rid of the tobacco habit and see how quickly the cough will disappear. Nicotol is dispensed by most good druggists in this city, especially by C. T. Larkins.

VENISON FEAST AT EAGLE HOME

Featuring an intensive membership campaign now in progress, East Liverpool Aerie No. 457, F. O. Eagles, will give a venison dinner at the aerie hall, Broadway, Sunday afternoon for members and prospective members.

The chief item on the menu will be choice cuts of four deer killed by four members of the lodge who are now on a hunting trip in the wilds of northern Maine. The four men are John Hoyd, John Clarke, James Yorke and Hazel Mercer. The quartet left here August 15 and are now located in the Maine woods, 102 miles from the nearest shipping point.

The dinner at the aerie home will be under the auspices of the lodge degree team, captained by Samuel Brooks. Proceeds of the affair will be used to defray a part of the expenses of sending the team to the state convention at Elvira and the grand aerie meet at Syracuse, N. Y., next August.

A Wide Margin of Safety

A MAN about to hire a chauffeur asked each applicant how near he could drive to the edge of a precipice.

One said a foot, another said six inches, a third said two inches. But the fourth said, "I keep just as far away from a precipice as I can." He was hired.

The wise property owner, like the careful chauffeur, prefers a wide margin of safety. He insures his possessions to the limit and then takes every precaution against fire.

Insurance only reduces your fire loss. That is why the Fire Prevention Service of the Hartford Fire Insurance Company is as necessary as insurance. Let us explain this service. It is free to all Hartford policy holders.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to exceed acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."
